1. Divide, and then check using multiplication. The first one is done for you.

a.  $71 \div 20$

$$\begin{array}{r} 3 \text{ R } 11 \\ 20 \overline{) 71} \\ \underline{60} \phantom{0} \\ 11 \phantom{0} \\ \underline{20} \\ 11 \end{array}$$

*Check:*

$$20 \times 3 = 60$$

$$60 + 11 = 71$$

b.  $90 \div 40$

$$\underline{1 \phantom{1}}$$

c.  $95 \div 60$

d.  $280 \div 30$

e.  $437 \div 60$

f.  $346 \div 80$
